## Member Associations of Curling Canada Proof of Residency Requirements

Use this form if:

- You have been requested to show proof of residency by a Provincial/Territorial Member Association.
- You are requesting residency to compete in Men's or Women's playdowns in a Province/Territory and you have not been a permanent resident of that province/territory by the September 1 deadline

Background from Curling Canada (CC) Policy on Residency Requirements to Compete in a National Championship:

- All national curling championships involve the participation of teams that are made up of
  individuals who are full-time residents within the geographic area of each Member Association.
  (Except for the men's and women's championships, which allow one player who is out-ofprovince to compete). To ensure that all individuals are treated equally a policy has been agreed
  to that clearly outlines what an individual must be able to provide to be considered a resident for
  playdown purposes.
- It is understood that an individual can only participate in one province/territory in any championship season. (Explanation an individual may only participate in the playdown process in one Member Association in one championship year this includes all championships that lead to a national. These include Masters, Juveniles, and The Travelers Club Championship, etc. It is understood that the Canadian Mixed, held in November, will be part of the previous year's group of competitions even though it is dated in the following year. For example, the 2015 Canadian Mixed held in November of 2014 will be considered a part of the 2013/14 Championship season for residency purposes.
- For Canadian championships that do not lead to World Championships, there may be unique circumstances that allow a curler to be residing outside of Canada and still be eligible to compete. These will be approved by the respective Member Association (for example Point Roberts, Washington residents may be eligible to compete in Curl BC events leading to Canadian Juvenile, Master and Travelers competitions if granted an exemption by Curl BC).
