Berths

- *Direct entry allowed at a regional playdown with only one entry*
- *If there are 10 registered teams or fewer, there will be an open provincial*
- *Maximum 2 tie-breaker games at provincial*

What will change?

Elimination of Open Event and direct entry will be allowed in regional playdowns where only one team is registered

- Number of entries did not support having Open Events in this category
- Direct entry is appropriate in this category to encourage participation from all clubs/regions. Allows teams (especially from the north and Kootenays) to play if there is not another regional team to compete with

Rationale

Simplify and save

Curl BC estimates that these changes will save time and money for host clubs, players and volunteers.
