Policy Registry – Board Policies

Board Policies

A guide to the Board Policies

What is Policy Governance?

With the adoption of a five-year strategic plan in 2009, the Curl BC Board of Governors committed to establishing a policy governance model and moving towards a Governance Board. Under Policy Governance, every Board has these three job responsibilities:

- linking the organization with its owners;
- developing four types of policies that reflect the organization’s values; and
- ensuring that the CEO (and through the CEO, all staff) comply with Board policy and achieve Board-defined Ends.

In fulfilling these job responsibilities, the Curl BC Board of Governors follows the ten principles of Policy Governance which are explained in the following two pages. You can find additional information about Policy Governance by looking for books by John and Miriam Carver, who developed Policy Governance.

What is the *Board Policy Registry*?

The Board Policy Registry is a record of all the policies that have been developed and approved by the Curl BC Board of Governors.

The Registry is divided into five sections.

- General Information
- Board Governance Process policies (BG)
- Board-CEO Linkage (BCL)
- Ends policies
- Executive Limitations policies (EL)

How often is the Registry updated?

The Board annually reviews its policies however the Board may also amend its policies at any Board meeting. General Information is updated annually. The Registry is updated as policies are amended. The up-to-date version of the Policy Registry is on the Curl BC website under Governance information. The Board Registry is a public document and is available for download at any time. A print version of the Registry is included as part of the Board of Governor’s manual.

The Ten Principles of Policy Governance as Applied to Curl BC

Policy Governance was developed by John Carver in response to his long experience as an employee, Board member, Board Chair and consultant where he found available governance practices an inadequate guide for Boards. He describes Policy Governance as a conceptually coherent model that redesigns the logic of Board leadership. A Board does not exist to manage the organization, it exists to govern: to determine the purpose to be served, the ends to be pursued and the values to be exercised. This notion of governance as an ownership theory rather than a management theory asks the Board to rethink what it does and how it does it.

1. Holding the organization in trust for Owners

Principle:	The Board exists to hold the organization in trust on behalf of an identifiable “ownership”. For this reason, the Board’s primary relationship is with the “owners” rather than the staff.
How this applies to Curl BC:	The Curl BC Constitution and By-laws specify the source of the Board’s authority. The owners of Curl BC are the Member Facilities that elect Governors to the Board to serve on their behalf. More specifically, the owners are the Boards of Governors of the Member Facilities who govern on behalf of individual clubs and curlers. The Board’s primary relationship is with the Member Facilities.

2. Speaking with one voice

Principle:	The Board’s policies are the Board’s voice. The Board’s decisions must be recorded in policy and upheld by all members of the Board. No Governor has the authority to speak for the Board unless specifically authorized to do so by the whole board. The Board speaks to the CEO with one voice through written Ends and Executive Limitations.
How this applies to Curl BC:	Curl BC Board decisions are the policies that are published in the Policy Registry. Board Governance process policies establish how the Board will maintain a single voice. The Board speaks to Curl BC’s CEO through the written Ends and Executive Limitations. The Board instructs itself through Board Governance Processes and Board-CEO Linkage policies.

3. Making Board decisions through policy

Principle:	Board decisions are predominantly policy decisions. The Board creates policy in four categories: Ends, Executive Limitations, Board Governance Process and Board-CEO Linkage.
How this applies to Curl BC:	Board agendas identify the policy category and/or specific policy reference for each agenda item; decision-making is primarily an amendment or addition to existing policy.

4. Formulating policy by defining values from broadest to more narrow

Principle:	By “nesting” policies, the Board addresses larger values before addressing smaller values. When the Board reaches a sufficient level of policy detail, it delegates all further definition to the CEO and accepts any reasonable interpretation of its policies.
-------------------	--

<p>How this applies to Curl BC:</p>	<p>The numbering system of Curl BC Board policies reflects the increasing levels of policy detail. The numbered statements reflect the largest value statement. In some policies, there are only main value statements; more frequently there are “nested” statements that express more specific levels of value. When the Board has said everything it wants to say in a policy, it delegates to the CEO all further definition of Ends and Executive Limitations and, to the Board Chair, Governance Processes and Board-CEO Linkages. The Board can add or reduce detail to any policy at any time. No specific delegation is provided to Board Committees.</p>
--	--

5. Defining and delegating rather than reacting and ratifying

<p>Principle:</p>	<p>If a Board truly wants to govern, then it must not be led by staff or its own committees. The Board must work continuously to define the results the organization wants to produce (Ends) and to define acceptable boundaries (Executive Limitations policies) within which it can delegate the achievement of those results to the CEO. A truly governing board is not simply reacting to, or ratifying staff or committee decisions or making event specific decisions.</p>
<p>How this applies to Curl BC:</p>	<p>The Board uses the strategic plan to define its high level Ends policies and continues to refine Executive Limitations. It also established clear policies to ensure Board Committees and various other Board-appointed roles are carried out under Board leadership.</p>

6. Determining Ends as key Board role

<p>Principle:</p>	<p>The key role of the Board is determining Ends – what benefits the organization is to produce, who the benefits are for, and how much they are worth.</p>
<p>How this applies to Curl BC:</p>	<p>The Board has clearly defined Ends policies that are reported on by the CEO at the June Board meeting. The Board will review the Ends statements on an annual basis to ensure clear outcomes for the organization are provided to staff and volunteers.</p>

7. Controlling staff means by limiting

<p>Principle:</p>	<p>The Board controls staff means by limiting rather than trying to develop a complete “to do” list for the CEO and other staff members. The resulting Executive Limitations policies act as a “fence” within which staff may exercise their freedom and creativity. This fence is created using negative language.</p>
<p>How this applies to Curl BC:</p>	<p>The Curl BC Board controls staff means through Executive Limitations policies. The Curl BC Board states the policies in the negative; for example by using the phrase, “shall not” or “must not fail to”. By clearly specifying means that are not acceptable, the Curl BC Board provides the CEO with the freedom to find the most appropriate means. Efficacy of the EL statements is assessed through the annual CEO evaluation process.</p>

8. Designing Board products and process

<p>Principle:</p>	<p>Because the Board’s governance function is distinct from the staff’s management function, the Board must determine its own definition of governance and then decide how it will actually govern. The Board explicitly states what it expects of itself – what value it will add to the organization, what structures it will use and what code of conduct it will follow. In addition, the Board states how it will control its agenda, link to owners, and evaluate itself.</p>
--------------------------	---

How this applies to Curl BC:	The Curl BC Board has developed a detailed set of Board Governance policies that describe how it will govern and how it expects to conduct its business. There are general principles for Board Committees and specific terms of reference for every Board Committee. The Board Chair appoints representatives and Board Liaisons. Linkages with Owners and Consultation with Owners, are critical for the success of Curl BC. Annual evaluation and adaptation of processes will provide a continuous improvement cycle.
-------------------------------------	---

9. Linking within management

Principle:	The relationship of the Board and the CEO is absolutely essential in an organization, regardless of the governance model used. Policy Governance provides a framework for this relationship that sets the stage for effective governance and management. The keys to this are the formal separation between the role of the Board and the role of the CEO, and the link between their contributions. Role clarity means the Board clearly knows its own role and the staff’s role and that staff has a similar understanding. The Board’s policies clearly state how the Board will delegate to the CEO and how the Board will monitor CEO performance.
How this applies to Curl BC:	The Curl BC Board links to operations (staff and volunteers) through the CEO. The Board-CEO Linkage policies state how the Board will delegate to the CEO and how the Board will monitor the CEO’s performance. Within this framework, both the Board and the CEO demonstrate leadership but they do so in different aspects of Curl BC.

10. Monitoring performance based on pre-stated criteria

Principle:	The Board monitors performance of the CEO but only against criteria set out in policy.
How this applies to Curl BC:	The Curl BC Board is establishing how it will monitor the performance of the CEO using the criteria set out in Executive Limitations, and ultimately set out in Ends policies. The Board delegates the CEO Performance and Compensation Committee to carry out annual CEO appraisals.

Policy Registry – Board Policies – Board Governance Process

Board Governance Process

BG-Global: General Board Governance Process

The purpose of the Board, on behalf of the Member Facilities, is to determine and ensure Curl BC achieves its Ends at an acceptable cost, and avoids unacceptable actions and situations.

BG-1: Governing Style

The Board shall govern in a manner consistent with policy governance that emphasizes:

- strategic visionary leadership
- outward looking
- clear distinction of Board and CEO roles
- encouragement of diversity of viewpoints
- collective decision-making
- being proactive
- focus on the future while learning from the past
- team-work

Accordingly, the Board shall:

- deliberate in many voices and govern in one.
- be accountable to the membership for competent, conscientious and effective governance, allowing no Governor or Committee of the Board to hinder or be an excuse for not fulfilling this commitment.
- impose upon itself the discipline needed to govern with excellence. (Reference: [BG-7: Board of Governors' Code of Conduct](#) and [BG-8: Conflict of Interest](#))
- direct and inspire Curl BC through the thoughtful establishment of broad written policies reflecting the Board's values and perspectives about the Ends to be achieved and means to be avoided. The Board shall focus on strategic outcomes, not on the operational means of attaining those Ends.
- cultivate a sense of group responsibility. The Board shall be responsible to leverage the expertise of Governors to enhance the knowledge and ability of the Board as a whole.
- educate itself regarding changing values and conditions in the external environment and the broader provincial, Canadian and international sport communities; and establish policy that helps Curl BC adapt to these changes.
- educate itself regarding the values held by the curling community and act under the influence of those values. The Board will be responsible to ensure that it understands the diversity of values that are held by disparate Member Facilities.
- provide an orientation to new Governors about the Board's governance process. (Reference: [BG-3: Board Meetings and Agenda](#))
- provide opportunities for periodic Board discussion of process improvement.
- monitor and discuss the Board's process and performance at each meeting. The self-monitoring will compare Board activity and discipline to policies in the "Governance Process" and "Board-CEO Relationship" categories.
- review all governance policies as necessary but not less frequently than according to the schedule in (Reference: [BG-3: Board Meetings and Agenda](#))
- fulfil any responsibilities required by law.

BG-2: Board Job Description

The job of the Board is to serve as stewards for the Member Facilities and work collaboratively in determining and evaluating organizational performance. Each member of the Board of Governors shall agree to have his or her name, photograph, telephone number and email address listed on the website and in the Curl BC yearbook.

The Board shall make contributions to Curl BC that are consistent with its trusteeship role and necessary for proper governance.

Accordingly, the Board shall concentrate its efforts on the following outcomes to distinguish between its own unique job and that of its CEO:

1. Written governing policies which at the broadest levels address:
 - a. Governance Process: These policies describe how the Board conceives, carries out and monitors its own task.
 - b. Board-CEO Relationship: These policies describe how authority is delegated, and its proper use monitored; and outlines the authority and accountability of the CEO.
 - c. Executive Limitations: These policies place constraints on executive authority which establish the boundaries of prudence and ethics within which all executive activity and decisions must take place.
 - d. Ends: These policies describe the benefits to be produced, the people to be served and the cost of meeting these goals.
2. Clearly defined linkages with the Member Facilities, the larger curling community, the BC sport community and external agencies.
3. Monitoring and evaluation of the CEO's performance (and thus Curl BC's performance). (Reference: [BCL-4: Delegation to the CEO](#) and [BCL-5: CEO Annual Performance Appraisal](#))
4. A plan and strategy for External Representation. (Reference: [BG-9: Representation, Recommendations and Appointments](#))
5. Identifying areas of political advocacy with governments and other external agencies.

BG-3: Board Meetings and Agenda

To accomplish the Board’s work with a governance style consistent with its policies, it shall follow an annual meeting plan which:

- Includes an annual exploration of Ends Policies
 - Continually improves its performance through Board education, consideration of input and earnest deliberation, while practising effective dialogue.
1. The Board shall maintain control of its own agenda by developing or causing to be developed an annual meeting schedule which includes but is not limited to:
 - a. An annual review of the Ends Policies that allows the CEO to develop the following year’s business plan and budget.
 - b. Presentations by staff for the Board’s education
 - c. related to Ends determination (e.g. presentations relating to external environment, demographic information, exploration of future perspectives, etc.).
 - d. Governance education and orientation for the Board’s development
 - e. Schedule time at the beginning of each meeting to declare a conflict of interest with agenda items
 2. Based on the outline of the annual meeting schedule, the Board delegates to the Chair the authority to fill in the details of the meeting content.
 - a. The agenda is open, subject to Governors’ input.
 - b. The detailed agenda will be prepared in consultation with the Executive Committee and the CEO.
 - c. Potential agenda items shall be screened to ensure that they relate to the Board’s job description, rather than simply reviewing staff activities.
 3. Observers, staff and guests may attend Board meetings as agreed by the Executive Committee and invited for specific topic areas.
 4. Minutes of the Board of Governors and its committees are to be made available expeditiously.

BG-4: Board Chair's Role

The Board Chair's primary role is to ensure the integrity and fulfilment of the Board's governance process. The Board Chair's secondary role is to represent the Board to outside parties from time to time.

1. The Board Chair's role is to ensure the Board behaves consistent with its own rules and those legitimately imposed upon it from outside Curl BC.
 - a. Meeting discussion content shall only be those issues that, according to Board policy, clearly belong to the Board to decide, not the CEO.
 - b. Deliberation shall be fair, open and thorough, but also efficient, timely, orderly and kept to the point.
2. The Board Chair shall support the Board in accomplishing its work by facilitating effective working relationships among Governors and creating a productive meeting environment.
3. The Board Chair shall appoint Chairs and members for each committee of the Board and Liaisons to provincial championships and other events as required.
4. The Board Chair shall have working knowledge of Robert's Rules of Order and the Societies Act.
5. The Board Chair shall be the senior delegate to the Curling Canada National Curling Congress and a voting delegate at the Curling Canada Meetings and shall submit a written report to the Board following the Curling Canada's meetings.
6. The authority of the Board Chair rests in making decisions that fall within Board policies on Governance Process and Board-CEO Relationship, except where the Board specifically delegates portions of this authority to another individual or Committee(s). The Board Chair is authorized to use any reasonable interpretation of the provisions of these policies.
 - a. The Board Chair is empowered to chair Board meetings and Member Meetings with all the commonly accepted responsibility of that position. (For example: ruling, recognizing)
 - b. The Board Chair has no authority to make decisions about policies created by the Board within Ends and Executive Limitations policy areas.
 - c. The Board Chair may represent the Board and Curl BC to outside parties in announcing Board-stated positions and in stating Board Chair's decisions and interpretations within the area delegated to him or her.
 - d. The Board Chair may delegate this authority but remains accountable for its use.
7. The Board Chair shall maintain ongoing communication with the CEO between Board meetings, in a manner and schedule determined jointly, in order to stay informed of issues and activities and identify matters for future Board consideration.
8. The CEO reports to the Board as a collective and not specifically to the Board Chair.
9. The Board Chair shall be prepared to serve at least one year as Board Past-Chair when a new Board Chair is elected.

BG-5: Executive Committee

1. The Board Chair, Past Chair and two Board Vice Chairs as defined in Curl BC's bylaws shall constitute the Executive Committee of Curl BC. In addition, the Executive Committee will include the Chair of Finance & Audit Committee, if not one of the elected Vice Chairs.
2. Subject to the Curl BC bylaws, one of the Board Vice Chairs shall carry out the duties of the Board Chair during the Board Chair's absence, acting with all authority of the Board Chair when filling the role.
3. The Committee shall form the ad hoc committees on behalf of the Curl BC Board in areas where issues require confidentiality (harassment, discipline, etc.)
4. The Committee shall be the Board interface with the CEO, performing appraisals and monitoring of performance as well as supporting the CEO position from a human resources perspective.
5. The Committee shall decide with the CEO, the means of ensuring the Board is apprised of matters of importance as they arise between Board meetings.
6. The Committee shall act on behalf of the Board when action is essential and when there is no opportunity for the Board to meet. Any action shall be presented to the Board for ratification at the earliest opportunity.
7. The committee shall be consulted on all appointments made by the Board Chair.
8. The committee shall appoint an annual nomination committee for elections of Governors.
9. The Board Past Chair shall normally manage the election of the executive committee members. If there is no Board Past Chair, any Governor not seeking election to the executive committee may manage the election.

Policy Registry – Board Policies – Board Governance Process
BG-6: CEO Performance and Compensation

CEO Performance and Compensation is performed by the Executive Committee.

BG-7: Board of Governors' Code of Conduct

The Board is responsible for acting in accordance with the policies it sets. This policy is a guide for Governors and it sets expectations regarding their conduct as individuals.

1. Governors agree to abide by [BG-7 Board of Governors' Code of Conduct](#).
2. Governors shall act in the interests of the Member Facilities (affiliated BC curling centres) as the owners. This accountability supersedes any conflicting loyalty to advocacy or interest groups and membership on other Boards or staffs. It also supersedes the personal interest of any Governor acting as a Coach, an end-user of Curl BC's services or as a paid supplier of services to Curl BC.
3. Governors shall disclose their involvement with other organizations, vendors, or any other associations that might produce a conflict at each Board meeting and at any time during the year when their involvement changes. A conflict is defined as a competing interest, influence or relationship which might impair or appear to impair a Governor's ability to perform his other duties and responsibilities objectively for the best interests of Curl BC.
4. Governors shall, at all times, act with decorum and shall be respectful of other Governors, staff, volunteers, stakeholders and the Boards and staff of Member Facilities. At any event where a Governor is the Board's appointed representative or while attending any Curl BC championship or event, or national competition, he/she shall avoid the consumption of alcohol or any other debilitating substance to a level which would reasonably be expected to impair the Governor's ability to perform his/her duties competently, cause impairment in the Governor's ability to speak, walk or drive or cause him/her to perform in a disruptive manner.
5. Governors shall respect the confidentiality of Board discussion and Board materials. They shall not disclose at any time confidential information obtained through their position with Curl BC to any persons not entitled or required to know.
6. Governors shall ensure that activities that are unethical, or that have the potential to negatively impact Curl BC's public image, which are not covered or specifically prohibited by the foregoing, are neither engaged in nor condoned.
7. Ownership Linkage activities (Governor interaction and consultation with Member Facilities) are an important part of the Board's work that may impact on the Ends Policies. It is another opportunity where Governors may individually participate in the work of the Board. This opportunity supports the collective work of the Board on behalf of the Member Facilities.
8. Governors shall not attempt to exercise individual authority over Curl BC except as explicitly set forth in Board policies.
 - a. Governor interaction with the CEO and staff is encouraged; however Governors shall recognize authority over the CEO is only through the Board as a whole and the Board has no authority over staff except through the CEO. (Reference: [BCL-2: Accountability of the CEO](#))
 - b. Governors shall give no consequence or voice to individual judgements of CEO or staff performance, except as that performance is assessed against explicit Board policies by the official process.
9. Governors acknowledge and appreciate that all Governors are volunteers, and as such, time is at a premium.
 - a. Governors strive to manage time effectively and agree to come prepared in advance for meetings.
 - b. Governors shall respect each other's contribution to the discussion and encourage each other to present their views.

Policy Registry – Board Policies – Board Governance Process

- i. Governors shall have an opportunity to speak in turn in the discussion of any topic.
 - ii. Governors who wish to speak during discussion will wait to do so until recognized by the Board Chair.
 - iii. Governors shall listen respectfully and refrain from side conversations.
 - iv. Sharing of observations or concerns should occur at the Board table.
 - c. Governors accept their mutual responsibility to ensure that all agenda items result in a decision or are placed on a schedule for follow-up action.
10. Governors recognize the importance of being able to participate in Board meetings.
- a. Governors shall make every effort to attend Board meetings. If a Governor has an unavoidable conflict not known at the time the Board meeting was scheduled, they shall communicate the reason for their absence to the Board Chair, verbally or in writing prior to the meeting.
 - b. The Board shall ensure they schedule social activities and team building exercises that enable them to bond and function effectively as a team.
 - c. Governors accept the responsibility to create an environment where concerns can be expressed without fear of criticism.
 - d. Governors shall take part in Board organized educational activities which will assist them in carrying out their responsibilities.
11. Governors will make decisions normally through majority voting at scheduled meetings of the Board. In the event that Board decisions are required outside of scheduled meetings, a resolution in writing set out under motion of two Governors approved by majority vote of all Governors, and recorded and included in a set of subsequent minutes of the Board, is considered as being passed at a meeting of the Governors.
12. Governors accept that the decision-making process may involve conflict, believing that it is only when all points of view are revealed that the best decision can be made. The Board shall assume that after a fair opportunity for expression of views, Governors agree to support the majority decision of the group.
13. Governors' interaction with the public, media, or other outside groups and organizations must recognize the same limitation and inability of any Governor to speak for the Board, and then only to repeat explicitly stated Board decisions or positions.
14. Governors are encouraged to continue to be operational volunteers, as well as governance volunteers. As operational volunteers, they are then individually accountable through the normal management channels to the CEO. They are not representing the Board at the operational level.
15. Governors shall refer inquiries regarding operations from operational volunteers or staff, athletes, coaches, event organizers, or the general public to the CEO. The Governor shall also advise the CEO that they have referred an individual and inquiry to help ensure the loop is closed between the inquirer and the CEO. (Reference: [BCL-2: Accountability of the CEO](#))

BG-8: Conflict of Interest

The Board commits itself and its Governors to ethical, business-like, and lawful conduct and the proper use of authority.

As a Board of Governors, we expect the following:

1. Governors shall not use their positions to obtain benefit or employment for themselves, family members, or close associates. Should a Governor desire to seek employment with Curl BC, he or she must first resign.
2. Governors shall not use information obtained through his/her position for personal gain.
3. Governors who may be directly or indirectly involved in a contract with Curl BC must declare that involvement at the Board meeting at which the question of the contract is first considered.
4. Governors shall disclose their involvement with other organizations, vendors, or any other associations that produce a conflict at each Board meeting and at any time during the year should their involvement change. A conflict is defined as a competing interest, influence or relationship which might impair or appear to impair a Governor's ability to perform his or her other duties and responsibilities objectively in the best interests of Curl BC.
5. There must be no self-dealing or any conduct of private business or personal services between any Governor and Curl BC, except as procedurally controlled, to assure openness, competitive opportunity and equal access to inside information.
6. Governors, who find themselves in an unavoidable conflict of interest when the Board is to decide an issue, must declare that conflict immediately and absent themselves without comment from the discussion and the vote on the issue. Governors who declare their conflict of interest are included in determining a quorum. Governors who declare a conflict of interest will be included in the Minutes by name and shall be entitled to receive related Board decisions.

BG-9: Representation, Recommendations and Appointments

In its role as steward of Curl BC, the Board shall ensure that there is appropriate Curl BC representation at Curl BC provincial championships, competitions and events, meetings of provincial and national organizations and agencies with which Curl BC is affiliated. The Board shall appoint or recommend representatives when requested by external bodies and as it fits with the governance role of the Board. The Board will consider the overall value of representation when making any appointment and may choose to not appoint or recommend a representative.

Championships, Competitions and Events

Effective relationships with stakeholders help create and maintain value for Member Facilities and enhance Curl BC's ability to achieve its Ends. Representation by Governors enhances the Board's ability to make informed policy decisions. It also creates opportunities for linkages with the Member Facilities and enhanced networks in the curling community.

1. The Board Chair shall appoint Governors to represent Curl BC at championships, competitions and events in consultation with the Executive Committee.
2. Attendance at Championships, Competitions and Events. The Board will review the appointments and duration of attendance for the following year's championships and competitions at its fall meeting on the basis of:
 - ability of candidate
 - value of representation
 - priority of the championship or competition, and
 - cost of representation
3. The Board Chair may appoint an individual who is not a Governor to fulfill ceremonial obligations only.

BG-10: Board Committee Principles

Board Committees may be used to complete certain tasks, particularly the task of gathering information and generating options. Board Committees exist only to assist the Board in its work and never to involve itself in the responsibilities of staff. This policy applies to any group that is formed by Board action, whether or not it is called a Committee and regardless of whether the group includes non-Board members. It does not apply to Committees formed under the authority of the CEO.

The Board Chair is an ex-officio member of all Standing Committees of the Board where he/she is not directly appointed as a member.

Accordingly,

1. The Board shall clearly describe and document the scope and time limit of a Committee's mandate, context, and budget limitations.
2. A Board Committee shall not be created for the purpose of helping, advising, instructing or exercising authority over any aspect of Curl BC that has been delegated to the CEO.

4. Board Committees shall not speak or act for the Board except when formally given such authority for specific and time-limited purposes. Expectations and authority shall be carefully stated in order not to conflict with authority delegated to the CEO.
5. Procedures - Board Committees shall:
 - a. operate on a consensus basis and escalate items where consensus cannot be reached to the Board as a whole.
 - b. consider only the views of Governors and Advisors assigned to the Committee in reaching consensus (i.e., as these are Committees of the Board, the views of Curl BC staff shall be heard but not included in reaching consensus).
 - c. keep minutes of all meetings and made available to all Board members immediately following the Committee meeting and before any proposal of the committee is presented to the Board.
 - d. keep discussions, minutes and materials Board confidential until such time as the Committee presents its findings and recommendations to the Board. At such time, the materials presented to the Board, unless agreed by the Board as a whole to be confidential, are available for open discussion with member facilities.
 - e. submit proposals to the Board following the Board protocol of the submission of a Board Paper for information one meeting before any vote on the proposal but may request an electronic vote no less than 14 days following the submission of the Board Paper.
 - f. Where the policy providing a Board Committee with its mandate and structure provides for Advisors to be added to the Committee, the appointed Advisors are entitled to the same expense compensation as a Governor following standard procedures.
6. Appointments
 - a. The Board Chair in consultation with the Executive Committee will appoint the Chair of each of the standing committees from the Board Governors.
 - b. The Board Chair, in consultation with the Committee Chair shall determine the size and membership of each committee.

BG-16: Curling Canada Event Sanctioning Policy

The Board of Curl BC has developed the following policy in order to permit Curl BC to more fully represent the economic scope of curling in BC and thus better position the sport to receive additional government and corporate support. This policy will strengthen the economic ties between Curl BC and a potential host committee so that both organizations are motivated to produce as financially successful an event as possible.

1. To receive sanctioning from Curl BC, a potential host committee must make a request to Curl BC, outlining the year and the name of the national or international event they wish to host.
2. Curl BC's Board of Directors will approve the sanction based on the understanding that the host committee, if awarded the event, agrees to pay a 15% sanction fee (of net post-event revenue) to Curl BC. This will not apply to Active for Life Championships such as the Canadian Senior Championships.
3. Once Curl BC has received confirmation in writing from the potential host committee agreeing to the sanction fee, Curl BC will provide Curling Canada with an official sanction letter.

For Curling Canada Events:

1. Curling Canada will allocate 1.5% of net ticket revenue to Curl BC (the Host Committee will receive 8.5%).
2. Curling Canada will advise the host committee that it must allocate 15% of the net revenue from the event's 50/50 draws to Curl BC (the Host Committee will receive 85%).
3. Curling Canada will provide Curl BC with a financial summary from the event to assist with demonstrating the economic scope of curling in BC each year. This is all in addition to Curling Canada providing Curl BC with 10% of Curling Canada's share of the net profit from the event if a net profit is generated.
4. Any changes in funding after approval must be negotiated with the CEO and may affect the sanctioning agreement.

Policy Registry – Board Policies – Board CEO Linkage
Board CEO Linkage
BCL-Global: General Board - CEO Linkage

The Board has only one employee, the Chief Executive Officer.

BCL-1: Delegation to the CEO

As far as the Board is concerned all responsibility and authority for Curl BC is delegated through the CEO.

1. The Board shall direct the CEO to achieve defined results, for defined recipients, at a defined cost, through the establishment of Ends Policies.
2. The Board shall limit the latitude the CEO may exercise in practices, methods, conduct and other “means” through the establishment of Executive Limitations policies.
3. As long as the CEO uses any reasonable interpretation of the Board’s Ends and Executive Limitations policies, he/she is authorized and required to establish all further policies, make all decisions, take all actions and develop all activities.
4. The Board may change its Ends and Executive Limitation policies, thereby shifting the boundary between Board and CEO domains. By so doing, the Board changes the latitude of choice given to the CEO, but so long as any particular policy is in place, the Board and its Governors shall respect and support the CEO’s choices. This does not prevent the Board from obtaining information from the CEO about delegated areas.
5. Only the Board acting as a body can employ, terminate, discipline, or change the conditions of employment of the CEO.

BCL-2: Accountability of the CEO

1. Only decisions or instructions of the Board acting as a body are binding on the CEO except in instances when the Board has specifically authorized such exercise of authority through policy or motion. Decisions are motions recorded in the Minutes of Board meetings.
2. In the case of Governors or Committees requesting information or assistance, the CEO in consultation with the Board Chair, can refuse such requests that require, in the CEO's judgment, a material amount of staff time or funds, or are disruptive.
3. The CEO is the Board's only link to operational achievement and conduct so that all authority and accountability of staff, as far as the Board is concerned, is considered the authority and accountability of the CEO. Accordingly, the Board or a Governor shall never give instructions to persons who report directly or indirectly to the CEO.
4. The Board shall refrain from evaluating, either formally or informally, any staff other than the CEO.
5. Curl BC shall fund the expenses of the CEO to undertake the business of Curl BC within the terms and conditions of Curl BC Bylaws and the Policy Registry. All claims and expense incurred in execution of that business shall be vetted by the Chair of the Finance and Audit Committee or the Board Chair within 60 days of the expense being incurred.

BCL-3: CEO Job Description

As the Board's single official link to the operating organization, the CEO's performance is considered synonymous with Curl BC's performance as a whole.

Consequently, the CEO's job description is performance in only two areas:

1. Curl BC's accomplishment of the provisions of Board Ends policies.
2. Curl BC's operations within the boundaries of prudence and ethics established in Board policies on Executive Limitations.

Policy Registry – Board Policies – Board CEO Linkage

BCL-4: Monitoring of CEO Performance

The Board believes that monitoring CEO performance is synonymous with monitoring Curl BC's performance against Board Ends and Executive Limitations (EL) policies. Any evaluation of the CEO's performance, formal or informal, shall be derived only from these monitoring data.

1. The purpose of monitoring is to determine the degree to which Board policies are being fulfilled.
2. Regular monitoring is through the regular "in camera" session at the Board meeting and shall be restricted to issues raised by a Governor to the Board Chair, 7 days prior to the meeting. The 7-day notice is intended to provide the Board Chair with the time to seek facts and explanations from the CEO. Board members are encouraged to seek clarification and resolution of issues with the CEO prior to submitting them to the Board Chair. The Executive Committee is responsible for follow up with the CEO after any Board discussion.
3. Annual monitoring will use existing structures and committees to obtain information.
 - a. The CEO shall present the Curl BC annual report to the Board for discussion at the Spring meeting along with a performance analysis comparing plans with accomplishments.
 - b. Review of compliance to Executive Limitations shall be annually prior to the Spring Board meeting as follows:
 - The Finance Committee shall review compliance to EL-1 to EL-4 and submit its findings to the Executive Committee.
 - The Executive Committee shall review compliance to EL-5 to EL-12.

BCL-5: CEO Annual Performance Appraisal

The CEO Performance & Compensation Committee (CPCC) shall conduct an annual formal evaluation of the CEO, based on the achievement of the Board's Ends policies and compliance within Executive Limitations. This formal evaluation shall be conducted as a summary evaluation of the prior year's regular monitoring data.

1. In concert with the CEO, the Board shall determine at its spring meeting the schedule and process of completing the summary written evaluation of the CEO with a completion date by 31 July.
2. The CEO Performance & Compensation Committee shall prepare a summary of any compliance issues with respect to the Executive Limitations.

Appendix A

A1: Operating Reserve Policy

Purpose:

1. The purpose of this Operating Reserve Policy for Curl BC is to build and maintain an adequate level of unrestricted net assets to support the organization in its regular operations in the following ways: to ensure there are funds available 24/7 365 to address all operating budget needs and, in particular, to address (avoid) cash flow issues.
2. to ensure availability of funds to address any unforeseen demands on annual operating budgets.
3. to provide a funding source for any identified “one time” non-recurring expenses that have the ability to build long term capacity, such as:
 - a. staff development,
 - b. research and development, and
 - c. investment in infrastructure or programming assets.
4. to provide a similar and reasonable source of community reserves that can be made available as a loan to member clubs to address emergent conditions, thereby helping to assure the ongoing financial health of the organization.

The operating reserves are not intended to replace a permanent loss of funds or to eliminate any ongoing budget gap. The association intends for the operating reserve level to be set but monitored for adequacy. Normally, any funds allocated from the reserves are to be replenished in a reasonable period of time to assure their security and consistency.

This Operating Reserve Policy is implemented in conjunction with the other financial policies of the organization and it is intended to support and strengthen the goals and strategies contained in those related policies, the operating plans, and the strategic planning of the Four Pillars.

Definitions

Operating Reserve Fund (ORF)

An **operating reserve** is an unrestricted **fund** set with a target balance that is separately accounted and available for use when an unbudgeted demand occurs. The ORF’s purpose is to stabilize an organization’s finances by providing immediate funding to address unexpected cash flow shortages, or expenses, and even to support special initiatives or projects that are consistent with an organization’s mandate and operating plans or policies.

Fund Assessment Calculation

A **fund assessment calculation** is any financial calculation that has been established to monitor or otherwise assess the performance or ongoing adequacy of a fund. Such a calculation may be for the purpose of setting or revising the target minimum fund balance.

Target Minimum

A **target minimum** for the fund is the level to be initially set and then reviewed annually to ensure fund adequacy in meeting the objectives of the organization and purpose of the fund stated in the operating reserve policy.

Accounting for Reserves

Policy Registry – Board Policies – Appendix A

The ORF is to be recorded in the accounting system and financial statements. The OFR will be funded and available in cash or cash equivalents. Operating reserves will be maintained in a segregated bank account or investment fund, in accordance with investment policies or will be commingled with the general cash and investment accounts of the organization and so noted in the record and on the financial statements.

Funding of Reserves

The ORF is to be funded with surplus operating funds (whether those having been specially considered in the annual budget or not). The Board of Governors may, from time to time, direct that a specific source of revenue (one or more) be set aside and allocated to operating reserves. The calculations related to setting targets, monitoring, or maintaining adequacy of the reserve funding are to be conducted annually per policy. The target minimum balance for the Curl BC ORF is initially set at \$375,000 and based on the formula:

$$\text{ORF balance} = (\text{Current Annual Operating budget} \times 0.25) \text{ rounded up to nearest } \$25,000.$$

Demands on (proposal for usage of) Reserves

The Chief Executive Officer and/or the Chair of the Finance Committee will monitor and identify any need for access to reserve funds and will confirm that the proposed usage is consistent with the purpose of the reserves as described in this policy. Confirmation or validation of need requires awareness of the sufficiency of the current level of reserve funds and the availability of any other sources of funding before using reserves. Also, there must be a comparison to other anticipated proposals for usage and evaluation of the time period for which the funds will be required and replenished.

Authority to Use Operating Reserves

There are many reasonable approaches that may be taken to obtain “authority to use” operating reserves. Curl BC is using the following procedure:

1. Authority for use of operating reserves to address any normal operating budget cash flow issues that (in combination) amount to less than 25% of the annual budget is delegated to the Chief Executive Officer.
2. All other proposed usage (either that will create a combined normal operating budget cash flow demand beyond 25% of the operating budget or a proposed usage that is compliant with policy but unrelated to the normal operating budget) may be raised by the CEO, the Finance Committee or the Board as a whole, but all must be evaluated by the CEO in consultation with the Chair of the Finance Committee, confirmed to be compliant with policy, and reported (with decisions made) to the Board of Governors. In addition to a complete description of the proposed usage, with an analysis and rationale for the decision reached, the report to the Board must include the ORF replenishment plan.
3. If the replenishment plan will require more than 12 months to restore the ORF to its target level or if the request for usage will cause the total demand on the ORF to rise to a level greater than 50% of the target minimum balance of the fund, then prior approval of the planned usage is required from the Board of Governors.

Reporting and Monitoring

The CEO must monitor the ORF balance, ensure appropriate investment is in place, report on usage to the Finance Committee and/or the Board of Governors as dictated elsewhere in policy, and also provide a risk assessment on the ongoing adequacy of funding (the ORF year over year) at the mid-year point and after each yearend.

Relationship to Other Policies

Policy Registry – Board Policies – Appendix A

The CEO will ensure that the Operating Reserve Policy is functioning as intended and in concert with the other Board-approved policies which contain provisions that interact with or otherwise affect the creation, sufficiency, or ongoing management of the ORF. Specifically, the other known approved policies are:

- Investment
- Risk Management
- Operating and Capital Budgeting
- Fund Development
- Other

Review of Policy

This policy will be reviewed by the organization’s Finance Committee every three years at minimum, or sooner if warranted by internal or external events and conditions. The Finance Committee will report its findings to the Board of Governors on completion of any review. Should changes to the policy be considered necessary, the Finance Committee will include corresponding recommendations in the report to the Board of Governors. Accordingly, the Board of Governors will consider and, per policy, approve and make a decision to implement the change, or call for additional review and defer any change to policy. In the event of any change, all Board, Staff, Regional Representatives, and Member Club Managers will be advised of the change and provided an electronic link to the policy location.

Note: The Finance Committee is established by Curl BC’s Board of Governors to recommend financial policies, strategies and budgets that support the mission, values, and the strategic plan of the organization. Its purpose, correspondingly then, is to monitor financial performance and provide information that will help the Board ensure provisions are in place to support ongoing financial health and integrity of the organization in pursuit of its mission.

An individual may not correct opinions, but may annotate their file. This is done by writing to the Privacy Officer. The Privacy Officer will ensure that such annotation is included in the individual's file.

An individual may not request original documents held by Curl BC but may request copies. Curl BC will provide copies to the individual at minimal or no cost. These documents must relate solely to the individual's personal information and may not include information of a personal nature about any other individual.

In the absence of consent, Curl BC will only confirm an employment; i.e. "yes, that individual worked/volunteered for us" or "no, that individual did not work/volunteer for us."

Consent is given by an individual's request to Curl BC for a written reference or for use of a Curl BC representative's name. In the absence of such a request from the individual, Curl BC or one of its representatives must have satisfactory confirmation of consent before providing an employment or personal reference. That confirmation may be a fax of a resume listing Curl BC or its representative as a reference. It is not Curl BC's responsibility to seek consent.

Participants have a duty to report any activity which:

- They believe contravenes the law;
- Represents a real or apparent conflict of interest or a breach of a Curl BC policy, including the ethics policy or the policy and guidelines on discrimination and harassment;
- Represents a misuse of Curl BC's funds or assets; or

All Curl BC participants have an obligation to report questionable activity regarding financial or operational matters, including violations of federal or provincial law, and violations of Curl BC's policies.

Applicability

This Whistleblowing Policy applies to all Curl BC participants at all times, during the course of their work in sport and also during other activities where their conduct may affect the work and sport environment, whether that be at Curl BC offices, at meetings of Curl BC or other entities at Games or at any other location, whether in BC or out-of-province.

It is the policy of the Curl BC:

1. To treat all reported incidents in a confidential manner and with due care to the extent possible, consistent with the need to conduct an adequate investigation. A Whistleblower may provide a report anonymously. Curl BC will make its best efforts to protect the identity of a Whistleblower;

Any Curl BC participant who has reasonable grounds to believe that a reprisal has been taken against him or her may file a complaint under Curl BC's Harassment Policy and the complaint will be investigated as if the alleged reprisal was a breach of that policy.

None of the protections afforded to a Whistleblower under this policy shall apply to protect a person who intentionally makes false accusations. Curl BC may sanction a participant in such circumstances.

Procedure

A concern can be reported in confidence using Curl BC's online Whistleblower Reporting Procedure

The Whistleblower report will be sent to the CEO for review and assessment (or to the Board Chair if the report pertains to the CEO).

A Whistleblower report which raises a potential breach pertaining to Curl BC's Harassment Policy will be dealt with in accordance with that Policy.

The CEO will have the authority to retain outside counsel, accountants, investigators and other resources deemed necessary to conduct a full and complete investigation of the concern.

The CEO may also refer a matter to a more appropriate authority (for example: WADA, RCMP, local police).

GP-5: Equity and Access Policy

This policy recognizes that diversity is a source of strength and establishes that opportunities to participate in and lead our organization will be provided in a manner that respects the principles of equity and access.

Curl BC is committed to a sport and work environment that provides equitable opportunities and access, and treats all individuals with respect and fairness.

Equity is an organizational value strived for in all aspects of Curl BC. Equity refers to the belief and the practice of treating persons in ways that are fair, equal and just, regardless of their gender, race, ancestry, place of origin, color, citizenship, creed, sexual orientation, physical or mental disability, age, marital status or family status.

Equity does not necessarily mean that every person must be treated exactly the same and it does not require that females and males participate in the same activities. In order to be treated fairly, people may need to be treated differently, including having activities of their own choice provided and administered in a fair and unbiased environment.

Access refers to the design and implementation of programs and services available to everyone who is entitled to them, free of any form of inequity, or any barrier that violates the concepts of fairness and natural justice. Curl BC endeavors to support, encourage and ease participation of under-represented populations in all facets of curling (including but not limited to competition, administration, coaching, officiating and volunteering).

Curl BC is committed to equal opportunity in employment and all employment related decisions. Curl BC respects the principles of pay equity in relation to paid employees, thereby having equal pay for equal work by either gender. Curl BC is committed to practice family-friendly work practices such as flex-time, harassment policies, pay equity and non-discriminatory interview techniques.

As a Provincial Sport Organization, Curl BC shall work pro-actively with provincial and national agencies to identify and eliminate barriers facing women and minorities in sport.

Curl BC will not solicit nor accept sponsorship from companies that discriminate against identified groups.

Any athlete, employee, volunteer, official, board member, parent, committee member, or applicant for employment may appeal any decision of Curl BC if, in his/her belief, that decision does not reflect the principles of equity and access. This appeal is to be reported to the Board Chair, Harassment Officer or the CEO of Curl BC and will follow the Appeals Procedure established by the Curl BC Appeals policy.

This Equity and Access Policy is consistent with and complements the Curl BC Harassment Policy.
