## NCCP 1-3-5-7

The NCCP is **one** national program with **three** streams, **five** core competencies woven into all training and **seven** outcomes on which coaches are evaluated.

As you progress through this Make Ethical Decisions Online Evaluation, you’ll be developing the five NCCP Core Coaching Competencies. These competencies will help you become a more effective coach and have a more meaningful impact on sport participants.

As the exam is in a new format, go through each module *carefully* and **as you complete a section, the buttons will become active to proceed**. If a button doesn’t work, it means that something wasn’t completed on that screen.
