

Making Your Own Way to the Games Lhtako Quesnel 2024 BC Winter Games

This document outlines the expectations for those participants making their own way to the Lhtako Quesnel 2024 BC Winter Games, February 22 - 25, 2024, sometimes called 'Own Travel'.

Participants getting themselves to the Games are expected to coordinate their arrival at the Games with their zone coach. Athletes are not permitted to check-in to the Games without their coach being present. Participants must report to Quesnel Arenas (500 Barlow Avenue), where Games accreditation will occur, to meet their zone coach. Your zone coach will advise what time to arrive.

Departing from the Games:

Participants who are making their own way home from the Games will need to check with their zone coach for more information. This is recommended to be done at the Games.

If a participant is departing the Games on Saturday evening, they are required to submit the online [Games Release Form](#). A Games Release Form is not required for Sunday departures.

Ensure you consult with your zone coach for the most appropriate place to depart from the Games, because the luggage or sport equipment may be at the sport venue or accommodation site depending on your sport.

Please note: Departure from Games includes a decentralized departure process to ensure the participants are travelling home as early as possible for an earlier arrival time back in their home communities. We are unable to provide a specific location or time for each sport as there will be multiple departure locations and multiple departure times. It is important that you coordinate your departure from Games with your Zone coach.
